

Documentation Of Reward Points for Woocommerce

Installation of Reward Points for Woocommerce

Installation

- ◆ Go to your WordPress admin panel, and then to Plugins. Click on "**Add New**" and then upload the zip file of the plugin using the "Upload Plugin" button you can find on top of the screen.
- ◆ For the plugin to work as it should, **WooCommerce** plugin has to be installed and enabled.

Activation

- ◆ Once you have uploaded the plugin, activate your plugin in Plugins → Installed plugins. If it has been activated correctly, plugin control panel is available in the tab "**Reward Points**"

A screenshot of the WordPress admin dashboard showing the settings for the "Reward Points For Woocommerce" plugin. The left sidebar menu is visible, with "Reward Points" highlighted in blue and a red box around it. The main content area shows the "Settings" tab selected, with options for "Enable Reward" (checked), "Get Points For" (1 ₹ = 1 Points), and "Redemption Value For" (100 Points = 1 ₹). A "Save" button is at the bottom left of the settings area.

Main Content Area: Reward Points For Woocommerce

Tabs: Settings | Notification | Styling | Premium | Support | How to install | Woocommerce app

Settings:

- Enable Reward:
- Get Points For: 1 ₹ = 1 Points
- Redemption Value For: 100 Points = 1 ₹

Buttons: Save

Set Purchasing Points

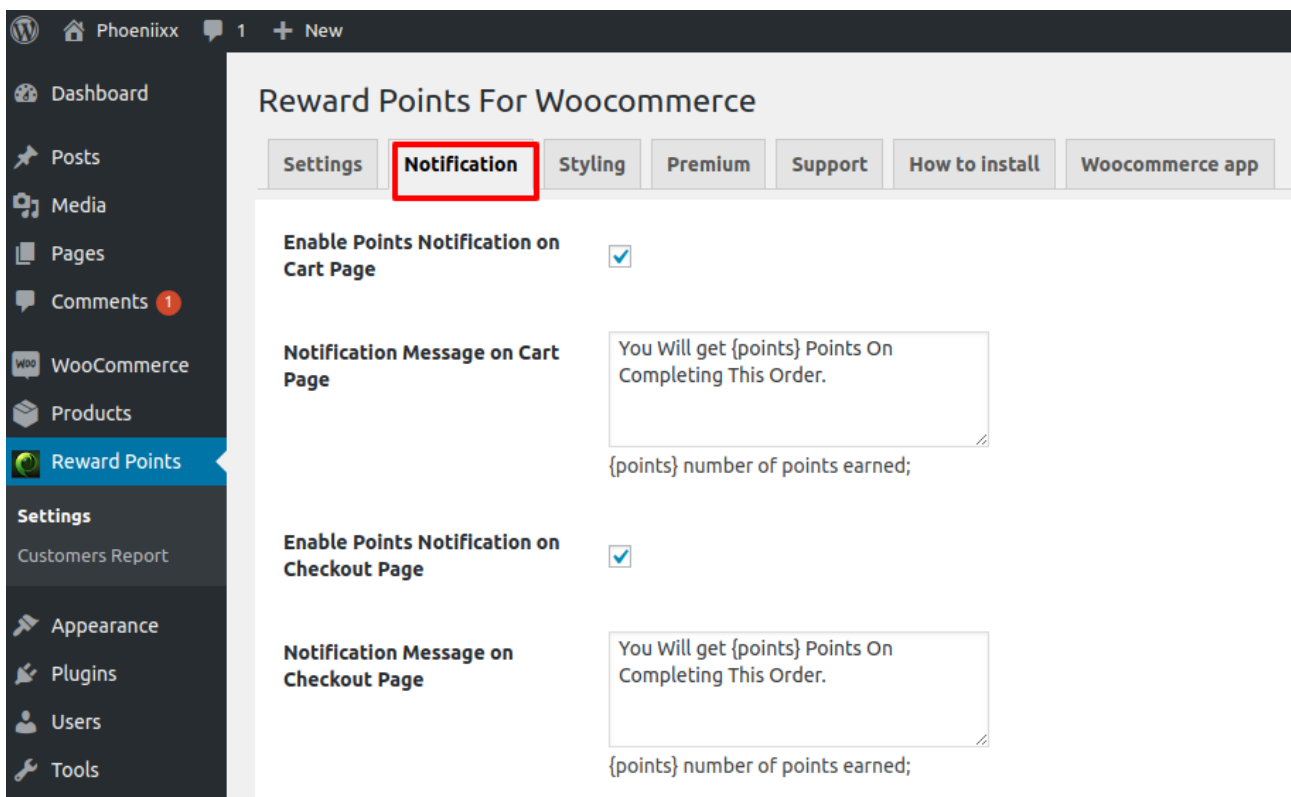

- ◆ Can set the purchasing points like 1\$ = 1Points. So if the product price is \$14 then according to the rule user will earn 14points.

Redemption Value

- ◆ Option to set the redemption value like 100Points = 1\$. So if user has earn the 100 points and when they applied they will get \$1 discount according to the rule you set.

Points Notification Message on Cart Page & Checkout page

- ◆ Option to enable / disable the points notification message from cart page as well as from checkout page.

The screenshot displays the 'Reward Points For Woocommerce' settings interface. The 'Notification' tab is selected and highlighted with a red box. The settings are organized into two sections:

- Enable Points Notification on Cart Page:** This option is checked. The notification message is: "You Will get {points} Points On Completing This Order." Below the message is a placeholder: "{points} number of points earned;".
- Enable Points Notification on Checkout Page:** This option is also checked. The notification message is: "You Will get {points} Points On Completing This Order." Below the message is a placeholder: "{points} number of points earned;".

The left sidebar shows the WordPress dashboard menu with 'Reward Points' selected. The top navigation bar includes 'Settings', 'Notification', 'Styling', 'Premium', 'Support', 'How to install', and 'Woocommerce app'.
